

December 2, 2019 Transmittal Cover Letter from Walter Henry P.E. to Dr. John Huang, P.E.

Dr. Huang:

I am glad that I could talk with you on the phone some time back. Other obligations have kept me busy for a while. Now here is my request to present this course "Fire Alarm, ECS, Integration, and CyberSecurity" online through PDHOnline.com. Please let me know if you have interest in this course.

I am transmitting my resume and the entire proposed course to you for your review.

This draft of a course needs editing to fit the presentation at PDHOnline. Thinkstock was bought by iStock, so, I will have to find those images again. We must determine the credit hours according to PDHOnline standards.

Please send me your guidelines for authors, and,
please send me your form agreement for my review.

Thank you for considering this work for presentation online at PDHOnline.com.
